The Data Stories project is investigating the underlying evidence base for housing, property and planning.

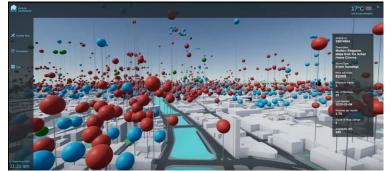

These data are central to how places are understood and managed.

They inform government policy, shape public perception, and guide billions of euros of investment relating to land use and development, public and private housing, homelessness, commercial real estate, and infrastructure.

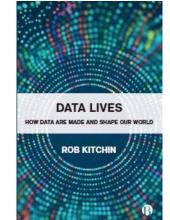

As well as traditional research methods, the project is using a research-creation approach working with artists and creative writers.

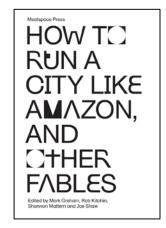

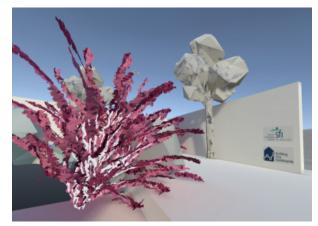

## Data art & creative writing work

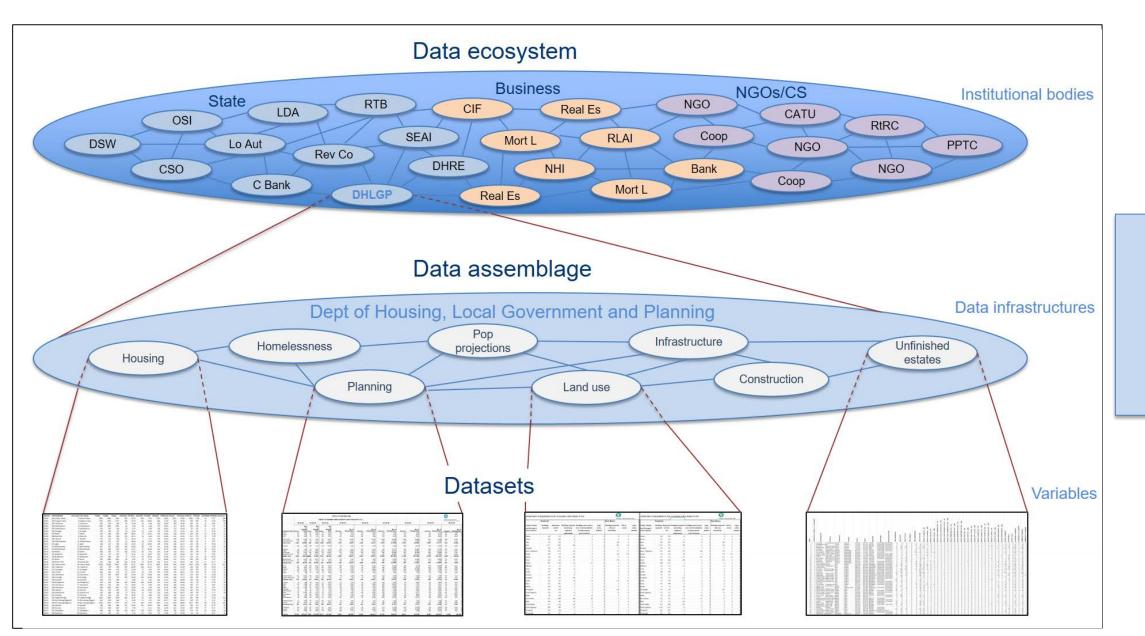

## Phase 1: Planning and property data ecosystem

Knowledge Hub

## **Phase 2: Data Stories**

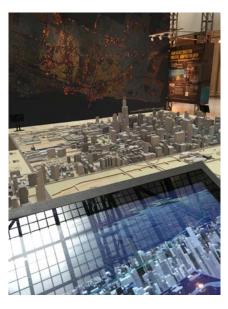

Min 3 per case study

Team

Lecturer/researcher Creative technologist

- 3 Postdocs
- 3 Creative writers and 3 artists

# Data Story 1. Research team + A/CW Apartments Dublin - Obfuscated 169.8K 285.4K

#### Data Story 3. Stakeholder team + A/CW

#### The Roles

## 3 Artist/creative writers-in-residence

August 2023 – July 2024, average 3 days a week

To work on two assigned case studies (scheduled for 6 months each).

To aid the research team to produce a data story relating to planning and property in Dublin.

To produce at least one data story for each case study through their own creative practice

To produce at least one data story for each case study in collaboration with a sector stakeholder using a research creation workshop approach.

To help with the artistic direction in public exhibitions of the produced data stories.

To document creative practice on the project and take part in public events.

A contract-for-services fee of €32,000 inclusive of expenses is offered for the 12 month period, with €16,000 payable for each case study.

## **Eligibility**

## Applicants must have:

An established track record of artistic or writing practice, including public exhibitions and published work.

A commitment to using creative practice to explore social, political and technical issues.

Excellent interpersonal skills and the ability to be an active workshop facilitator.

Experience of working collaboratively on creative practices.

Good project management skills.

Good communication skills.

Ability to work autonomously and responsibly to meet project goals.

## Highly Desirable:

Experience of employing a research-creation approach and producing data stories.

Experience of reflecting on housing, planning, property issues.

Experience of handling and working with planning, property or spatial data more broadly.

#### Terms and conditions

The fee is inclusive of expenses.

The project will provide advice and help with accessing data, cover costs of research-creation workshops, procure exhibition space and help defray publication costs where possible.

Work will be assessed after 3 months and end of each case study.

Progress to the second case study will be dependent on successful delivery of the first.

Ireland-located candidates will be self-employed persons for tax purposes in Ireland and will be solely responsible for all income tax, PRSI and other such payments. Candidates located overseas will be responsible for all tax matters in their own jurisdiction. All suppliers to Irish public sector bodies must obtain Revenue tax clearance.

Payment of fees will comply with the University Finance rules.

The candidate will interact regularly in person with the research team and stakeholders.

Do not need to live in Dublin, but must be prepared to visit regularly during the case study fieldwork and to facilitate the workshops.

Will maintain the intellectual and creative rights to the works produced.

Maynooth University and the project will have the right to publish about and exhibit the commissioned work.

Display and publication of the produced works must acknowledge the project funding, including all necessary logos.

The University has the right to terminate the contract due to poor performance.

## **Application procedure**

All applications must be made via the MU Online Recruitment Portal at: https://www.maynoothuniversity.ie/human-resources/vacancies

To make an application, you should provide, within a single document

A cover letter explaining: your key achievements to date; why you would like to be considered for the role; your facilitation experiences; and indicative ideas of what you would like to work on (no more than 3 pages).

A CV and portfolio of previous works (no more than 15 pages).

If there is an issue with uploading please contact recruitment@mu.ie

## **Key Dates**

Closing Date: 23.30hrs (local Irish time) on Monday 13th February 2023

Interviews will be held early March 2023.
